VIDEO

MPN animation for spleen symptoms

This video has been developed to help support you with myeloproliferative neoplasms. This short animation explains some of the spleen-related symptoms to look out for.

Speaking to your doctor about how you're feeling can help them monitor how you're doing and discuss the options that are available to help you.

Reporting side-effects

If you get side-effects with any medication you are taking, talk to your doctor, pharmacist or nurse. This includes any possible side-effects not listed in the information leaflet that comes in the pack. You can report side-effects via the Yellow Card Scheme at www.mhra.gov.uk/yellowcard.

By reporting side-effects you can help provide more information on the safety of your medication.
